**GALLERY WEEKEND BERLIN
SEPTEMBER 10 – 13, 2020**

Participating galleries and artists

It is with great pleasure that we introduce the artist list for the postponed 16th Gallery Weekend Berlin, to take place from the September 10–13, 2020. After the re-opening of the majority of our gallery spaces in late April, we are very much looking forward to our concerted season opening in September, presenting high-calibre exhibitions with emerging to established positions.

Gallery Weekend Berlin started as a private initiative prompted by a collaborative spirit shared between Berlin galleries and has swiftly become one of the most-favoured contemporary art events, this year with 48 galleries opening their doors to our visitors.

Please stay tuned and check out our Web Journal launching shortly, which will communicate our September shows in great detail throughout the summer. We look forward to staying in touch via our new digital initiative with everyone unable to join in September and remain hopeful and optimistic to welcome many of you in Berlin.
