WEEKEND APRIL  
2019 BERLIN**

## Gallery Weekend Berlin participating galleries and artists 26–28 April 2019

Each year, Gallery Weekend Berlin showcases the current state of contemporary art. In this, its 15th edition, the 45 participating galleries present the latest output of young emerging artists alongside more established positions. Here, the multi-faceted and important work of galleries becomes visible as they help build up and support their artists over their careers while working alongside them to facilitate and conceive innovative and thought-provoking exhibitions of their work. Besides being an opportunity to discover new names or deepen old passions, the weekend provides numerous occasions to experience the city anew: the gallery scene, like art production, remains in motion, continuously opening itself to new spaces — in 2019, particularly in Charlottenburg. The 15<sup>th</sup> Gallery Weekend thus offers various paths through a unique mix of current art and contemporary discourse, special events and encounters, and ever-changing impressions of the city.

A preview of the 45 participating galleries' exhibitions will take place on Friday the 26th of April at 11 am, followed by the official opening at 6 pm. The galleries will also be open between 11 am and 7 pm on Saturday and Sunday. Visitors can plan their personal tours with the MyArtWalk app, available for free on Google Play and Apple App Store. The app provides images and texts from each participating Gallery Weekend exhibition.
